All Motor Vehicle Dealers / Importers

Dear Sir / Madam

Vehicle Recalls Involving Takata Airbags in Singapore

The Land Transport Authority (LTA) has been working closely with motor dealers and vehicle manufacturers to facilitate the recall of vehicles affected by defective Takata airbags. Since the recalls were first initiated in Singapore in 2013, there have been a total of 43 recall campaigns, involving eight vehicle makes and about 130,000 airbag inflators.

2 To date, 88% of the airbag inflators whose recalls were initiated before 2015 have been rectified. For recalls initiated from 2015 onwards, 32% have been rectified.

3 Under the vehicle recall framework in Singapore, motor dealers and parallel importers who have sold vehicles affected by any safety-related vehicle recall must notify LTA and affected vehicle owners, make the necessary arrangements to rectify the defects and update LTA on the progress of the rectification works.

4 We would like to urge all motor dealers and parallel importers to expedite the rectification of the affected vehicles that were imported or sold by them and inform

their customers affected by the recalls quickly. LTA will continue to monitor the rectification progress closely.

5 Please bring the contents of this circular to the attention of your members. If you have any enquiry or require any assistance on the matter, you may contact Mr Daniel Lam on 6553 5587 or Mr Jason Lee on 6553 5561.

6 Thank you.

Yours sincerely

Daniel Lam
