Dear Sir/ Madam

ENHANCEMENT OF VEHICULAR EMISSIONS SCHEME (VES)

1. As jointly announced by the National Environment Agency (NEA) and the Land Transport Authority (LTA) on 12 Nov 2020, the VES for cars and taxis, which is effective until 31 Dec 2020, will be extended to 31 Dec 2022. There will be no change in the pollutant limits for the VES bands, however, the rebate and surcharge amounts will be increased effective **1 Jan 2021** and **1 Jul 2021** respectively. Please refer to the attached news release for more information.
2. The existing Vehicle Approval Code (VAC) for cars and taxis will still be valid beyond 31 Dec 2020. However, the existing VES label expires on 31 Dec 2020. The new VES label will be available for download by end of Dec 2020. Please be reminded that the updated VES labels (on the front windscreen) shall be displayed from **1 Jan 2021** onwards.
3. The Emission Factor used to account for the CO₂ emissions produced for every unit of electricity generated from the burning of fossil fuels at the power stations in Singapore will remain at 0.4g CO₂/Wh of electricity until **31 Dec 2022**.

4. Please inform your members of the above. Should you have any enquiry or require any assistance on the matter, you may contact Mr Han Hang Kwang on DID: 6553 5263 or Mr Garlice Kwek on DID: 6553 5164.

5. Thank you.

Yours sincerely

Tan Zhi Chiang
Deputy Director, Vehicle Approval & Control
Vehicle Services Group
