Dear Sir/ Madam

ENHANCEMENT OF VEHICULAR EMISSIONS SCHEME

1. As jointly announced by the National Environment Agency (NEA) and the Land Transport Authority (LTA) on 12 November 2020, the increase in surcharge amounts under the enhanced Vehicular Emissions Scheme (VES) will come into effect from **1 July 2021**. Please refer to the attached news release for more information.
2. The existing Vehicle Approval Code (VAC) for cars and taxis will still be valid beyond 30 June 2021. However, the existing VES label will expire on 30 June 2021. The new VES label, which replaces the existing label, has been progressively made available for download on the Vehicle Inspection and Type Approval System (VITAS) since 21 June 2021. Please be reminded that all vehicles displayed for sale must bear the new VES labels on the front windscreen from **1 July 2021** onwards.
3. The Emission Factor used to account for the CO₂ emissions produced for every unit of electricity generated from the burning of fossil fuels at the power stations in Singapore will remain at 0.4g CO₂/Wh of electricity until **31 December 2022**.

4. Please inform your members of the above. Should you have any enquiry or require any assistance on the matter, you may contact Mr Han Hang Kwang on DID: 6553 5263 or Mr Garlice Kwek on DID: 6553 5164.

5. Thank you.

Yours sincerely

Tan Zhi Chiang
Deputy Director, Vehicle Approval & Control
Vehicle Services Group
